CODES

I - Y indicates that the taxon is introduced to Queensland and has naturalised.

Q - Indicates the Queensland conservation status of each taxon under the *Nature Conservation Act 1992*. The codes are Extinct in the Wild (PE), Endangered (E), Vulnerable (V), Near Threatened (NT), Least Concern (C) or Not Protected ().

A - Indicates the Australian conservation status of each taxon under the *Environment Protection and Biodiversity Conservation Act 1999*. The values of EPBC are Conservation Dependent (CD), Critically Endangered (CE), Endangered (E), Extinct (EX), Extinct in the Wild (XW) and Vulnerable (V).

Records – The first number indicates the total number of records of the taxon for the record option selected (i.e. All, Confirmed or Specimens).

This number is output as 99999 if it equals or exceeds this value. The second number located after the / indicates the number of specimen records for the taxon.

This number is output as 999 if it equals or exceeds this value.

EPBC Act Protected Matters Report

This report provides general guidance on matters of national environmental significance and other matters protected by the EPBC Act in the area you have selected.

Information on the coverage of this report and qualifications on data supporting this report are contained in the caveat at the end of the report.

Information is available about [Environment Assessments](#) and the EPBC Act including significance guidelines, forms and application process details.

Report created: 24/11/17 11:02:05

Summary

Matters of National Environmental Significance

This part of the report summarises the matters of national environmental significance that may occur in, or may relate to, the area you nominated. Further information is available in the detail part of the report, which can be accessed by scrolling or following the links below. If you are proposing to undertake an activity that may have a significant impact on one or more matters of national environmental significance then you should consider the [Administrative Guidelines on Significance](#).

World Heritage Properties:	None
National Heritage Places:	None
Wetlands of International Importance:	4
Great Barrier Reef Marine Park:	None
Commonwealth Marine Area:	None
Listed Threatened Ecological Communities:	4
Listed Threatened Species:	26
Listed Migratory Species:	11

Other Matters Protected by the EPBC Act

This part of the report summarises other matters protected under the Act that may relate to the area you nominated. Approval may be required for a proposed activity that significantly affects the environment on Commonwealth land, when the action is outside the Commonwealth land, or the environment anywhere when the action is taken on Commonwealth land. Approval may also be required for the Commonwealth or Commonwealth agencies proposing to take an action that is likely to have a significant impact on the environment anywhere.

The EPBC Act protects the environment on Commonwealth land, the environment from the actions taken on Commonwealth land, and the environment from actions taken by Commonwealth agencies. As heritage values of a place are part of the 'environment', these aspects of the EPBC Act protect the Commonwealth Heritage values of a Commonwealth Heritage place. Information on the new heritage laws can be found at <http://www.environment.gov.au/heritage>

A [permit](#) may be required for activities in or on a Commonwealth area that may affect a member of a listed threatened species or ecological community, a member of a listed migratory species, whales and other cetaceans, or a member of a listed marine species.

Commonwealth Land:	None
Commonwealth Heritage Places:	None
Listed Marine Species:	18
Whales and Other Cetaceans:	None
Critical Habitats:	None
Commonwealth Reserves Terrestrial:	None
Commonwealth Reserves Marine:	None

Extra Information

This part of the report provides information that may also be relevant to the area you have nominated.

State and Territory Reserves:	None
Regional Forest Agreements:	None
Invasive Species:	24
Nationally Important Wetlands:	None
Key Ecological Features (Marine)	None

Details

Matters of National Environmental Significance

Wetlands of International Importance (Ramsar)		[Resource Information]
Name	Proximity	
Banrock station wetland complex	1200 - 1300km	
Narran lake nature reserve	400 - 500km upstream	
Riverland	1100 - 1200km	
The coorong, and lakes alexandrina and albert wetland	1400 - 1500km	

Listed Threatened Ecological Communities	[Resource Information]
--	--------------------------

For threatened ecological communities where the distribution is well known, maps are derived from recovery plans, State vegetation maps, remote sensing imagery and other sources. Where threatened ecological community distributions are less well known, existing vegetation maps and point location data are used to produce indicative distribution maps.

Name	Status	Type of Presence
Brigalow (Acacia harpophylla dominant and co-dominant)	Endangered	Community known to occur within area
Coolibah - Black Box Woodlands of the Darling Riverine Plains and the Brigalow Belt South Bioregions	Endangered	Community may occur within area
Semi-evergreen vine thickets of the Brigalow Belt (North and South) and Nandewar Bioregions	Endangered	Community likely to occur within area
Weeping Myall Woodlands	Endangered	Community likely to occur within area

Listed Threatened Species	[Resource Information]
---------------------------	--------------------------

Name	Status	Type of Presence
Birds		
Calidris ferruginea Curlew Sandpiper [856]	Critically Endangered	Species or species habitat may occur within area
Erythrotriorchis radiatus Red Goshawk [942]	Vulnerable	Species or species habitat likely to occur within area
Geophaps scripta scripta Squatter Pigeon (southern) [64440]	Vulnerable	Species or species habitat likely to occur within area
Grantiella picta Painted Honeyeater [470]	Vulnerable	Species or species habitat likely to occur within area
Lathamus discolor Swift Parrot [744]	Critically Endangered	Species or species habitat may occur within area
Rostratula australis Australian Painted Snipe [77037]	Endangered	Species or species habitat may occur within area
Fish		
Maccullochella peelii Murray Cod [66633]	Vulnerable	Species or species habitat may occur within area
Mammals		

Name	Status	Type of Presence
Chalinolobus dwyeri Large-eared Pied Bat, Large Pied Bat [183]	Vulnerable	Species or species habitat likely to occur within area
Dasyurus hallucatus Northern Quoll, Digul [Gogo-Yimidir], Wijingadda [Dambimangari], Wiminji [Martu] [331]	Endangered	Species or species habitat may occur within area
Nyctophilus corbeni Corben's Long-eared Bat, South-eastern Long-eared Bat [83395]	Vulnerable	Species or species habitat known to occur within area
Petauroides volans Greater Glider [254]	Vulnerable	Species or species habitat known to occur within area
Phascolarctos cinereus (combined populations of Qld, NSW and the ACT) Koala (combined populations of Queensland, New South Wales and the Australian Capital Territory) [85104]	Vulnerable	Species or species habitat may occur within area
Other		
Adclarkia dulacca Dulacca Woodland Snail [83885]	Endangered	Species or species habitat known to occur within area
Plants		
Acacia curranii Curly-bark Wattle [3908]	Vulnerable	Species or species habitat known to occur within area
Cadellia pentastylis Ooline [9828]	Vulnerable	Species or species habitat likely to occur within area
Calytrix gurulumundensis [24241]	Vulnerable	Species or species habitat likely to occur within area
Dichanthium setosum bluegrass [14159]	Vulnerable	Species or species habitat likely to occur within area
Homopholis belsonii Belson's Panic [2406]	Vulnerable	Species or species habitat may occur within area
Homoranthus decumbens a shrub [55186]	Endangered	Species or species habitat may occur within area
Tylophora linearis [55231]	Endangered	Species or species habitat may occur within area
Reptiles		
Delma torquata Adorned Delma, Collared Delma [1656]	Vulnerable	Species or species habitat may occur within area
Denisonia maculata Ornamental Snake [1193]	Vulnerable	Species or species habitat may occur within area
Egernia rugosa Yakka Skink [1420]	Vulnerable	Species or species habitat likely to occur within area
Elseya albagula Southern Snapping Turtle, White-throated Snapping Turtle [81648]	Critically Endangered	Species or species habitat likely to occur within area
Furina dunmalli Dunmall's Snake [59254]	Vulnerable	Species or species

Name	Status	Type of Presence
Rheodytes leukops Fitzroy River Turtle, Fitzroy Tortoise, Fitzroy Turtle, White-eyed River Diver [1761]	Vulnerable	habitat may occur within area Species or species habitat may occur within area
Listed Migratory Species [Resource Information]		
* Species is listed under a different scientific name on the EPBC Act - Threatened Species list.		
Name	Threatened	Type of Presence
Migratory Marine Birds		
Apus pacificus Fork-tailed Swift [678]		Species or species habitat likely to occur within area
Migratory Terrestrial Species		
Cuculus optatus Oriental Cuckoo, Horsfield's Cuckoo [86651]		Species or species habitat may occur within area
Hirundapus caudacutus White-throated Needletail [682]		Species or species habitat likely to occur within area
Motacilla flava Yellow Wagtail [644]		Species or species habitat may occur within area
Myiagra cyanoleuca Satin Flycatcher [612]		Species or species habitat known to occur within area
Rhipidura rufifrons Rufous Fantail [592]		Species or species habitat may occur within area
Migratory Wetlands Species		
Actitis hypoleucos Common Sandpiper [59309]		Species or species habitat may occur within area
Calidris acuminata Sharp-tailed Sandpiper [874]		Species or species habitat may occur within area
Calidris ferruginea Curlew Sandpiper [856]	Critically Endangered	Species or species habitat may occur within area
Calidris melanotos Pectoral Sandpiper [858]		Species or species habitat may occur within area
Gallinago hardwickii Latham's Snipe, Japanese Snipe [863]		Species or species habitat may occur within area

Other Matters Protected by the EPBC Act

Listed Marine Species		[Resource Information]
* Species is listed under a different scientific name on the EPBC Act - Threatened Species list.		
Name	Threatened	Type of Presence
Birds		
Actitis hypoleucos Common Sandpiper [59309]		Species or species habitat may occur within area
Anseranas semipalmata Magpie Goose [978]		Species or species habitat may occur within area
Apus pacificus Fork-tailed Swift [678]		Species or species habitat likely to occur within area
Ardea alba Great Egret, White Egret [59541]		Species or species habitat likely to occur within area
Ardea ibis Cattle Egret [59542]		Species or species habitat may occur within area
Calidris acuminata Sharp-tailed Sandpiper [874]		Species or species habitat may occur within area
Calidris ferruginea Curlew Sandpiper [856]	Critically Endangered	Species or species habitat may occur within area
Calidris melanotos Pectoral Sandpiper [858]		Species or species habitat may occur within area
Cuculus saturatus Oriental Cuckoo, Himalayan Cuckoo [710]		Species or species habitat may occur within area
Gallinago hardwickii Latham's Snipe, Japanese Snipe [863]		Species or species habitat may occur within area
Haliaeetus leucogaster White-bellied Sea-Eagle [943]		Species or species habitat may occur within area
Hirundapus caudacutus White-throated Needletail [682]		Species or species habitat likely to occur within area
Lathamus discolor Swift Parrot [744]	Critically Endangered	Species or species habitat may occur within area
Merops ornatus Rainbow Bee-eater [670]		Species or species habitat may occur within area
Motacilla flava Yellow Wagtail [644]		Species or species habitat may occur within area
Myiagra cyanoleuca Satin Flycatcher [612]		Species or species habitat known to occur

Name	Threatened	Type of Presence
Rhipidura rufifrons Rufous Fantail [592]		within area Species or species habitat may occur within area
Rostratula benghalensis (sensu lato) Painted Snipe [889]	Endangered*	Species or species habitat may occur within area

Extra Information

Invasive Species	[Resource Information]
------------------	--

Weeds reported here are the 20 species of national significance (WoNS), along with other introduced plants that are considered by the States and Territories to pose a particularly significant threat to biodiversity. The following feral animals are reported: Goat, Red Fox, Cat, Rabbit, Pig, Water Buffalo and Cane Toad. Maps from Landscape Health Project, National Land and Water Resouces Audit, 2001.

Name	Status	Type of Presence
Birds		
Acridotheres tristis Common Myna, Indian Myna [387]		Species or species habitat likely to occur within area
Columba livia Rock Pigeon, Rock Dove, Domestic Pigeon [803]		Species or species habitat likely to occur within area
Lonchura punctulata Nutmeg Mannikin [399]		Species or species habitat likely to occur within area
Passer domesticus House Sparrow [405]		Species or species habitat likely to occur within area
Streptopelia chinensis Spotted Turtle-Dove [780]		Species or species habitat likely to occur within area
Sturnus vulgaris Common Starling [389]		Species or species habitat likely to occur within area
Frogs		
Rhinella marina Cane Toad [83218]		Species or species habitat likely to occur within area
Mammals		
Bos taurus Domestic Cattle [16]		Species or species habitat likely to occur within area
Canis lupus familiaris Domestic Dog [82654]		Species or species habitat likely to occur within area

Name	Status	Type of Presence
Equus caballus Horse [5]		Species or species habitat likely to occur within area
Felis catus Cat, House Cat, Domestic Cat [19]		Species or species habitat likely to occur within area
Lepus capensis Brown Hare [127]		Species or species habitat likely to occur within area
Mus musculus House Mouse [120]		Species or species habitat likely to occur within area
Oryctolagus cuniculus Rabbit, European Rabbit [128]		Species or species habitat likely to occur within area
Rattus rattus Black Rat, Ship Rat [84]		Species or species habitat likely to occur within area
Sus scrofa Pig [6]		Species or species habitat likely to occur within area
Vulpes vulpes Red Fox, Fox [18]		Species or species habitat likely to occur within area
Plants		
Acacia nilotica subsp. indica Prickly Acacia [6196]		Species or species habitat may occur within area
Eichhornia crassipes Water Hyacinth, Water Orchid, Nile Lily [13466]		Species or species habitat likely to occur within area
Hymenachne amplexicaulis Hymenachne, Olive Hymenachne, Water Stargrass, West Indian Grass, West Indian Marsh Grass [31754]		Species or species habitat likely to occur within area
Opuntia spp. Prickly Pears [82753]		Species or species habitat likely to occur within area
Parkinsonia aculeata Parkinsonia, Jerusalem Thorn, Jelly Bean Tree, Horse Bean [12301]		Species or species habitat likely to occur within area
Parthenium hysterophorus Parthenium Weed, Bitter Weed, Carrot Grass, False Ragweed [19566]		Species or species habitat likely to occur within area
Salvinia molesta Salvinia, Giant Salvinia, Aquarium Watermoss, Kariba Weed [13665]		Species or species habitat likely to occur within area

Caveat

The information presented in this report has been provided by a range of data sources as acknowledged at the end of the report.

This report is designed to assist in identifying the locations of places which may be relevant in determining obligations under the Environment Protection and Biodiversity Conservation Act 1999. It holds mapped locations of World and National Heritage properties, Wetlands of International and National Importance, Commonwealth and State/Territory reserves, listed threatened, migratory and marine species and listed threatened ecological communities. Mapping of Commonwealth land is not complete at this stage. Maps have been collated from a range of sources at various resolutions.

Not all species listed under the EPBC Act have been mapped (see below) and therefore a report is a general guide only. Where available data supports mapping, the type of presence that can be determined from the data is indicated in general terms. People using this information in making a referral may need to consider the qualifications below and may need to seek and consider other information sources.

For threatened ecological communities where the distribution is well known, maps are derived from recovery plans, State vegetation maps, remote sensing imagery and other sources. Where threatened ecological community distributions are less well known, existing vegetation maps and point location data are used to produce indicative distribution maps.

Threatened, migratory and marine species distributions have been derived through a variety of methods. Where distributions are well known and if time permits, maps are derived using either thematic spatial data (i.e. vegetation, soils, geology, elevation, aspect, terrain, etc) together with point locations and described habitat; or environmental modelling (MAXENT or BIOCLIM habitat modelling) using point locations and environmental data layers.

Where very little information is available for species or large number of maps are required in a short time-frame, maps are derived either from 0.04 or 0.02 decimal degree cells; by an automated process using polygon capture techniques (static two kilometre grid cells, alpha-hull and convex hull); or captured manually or by using topographic features (national park boundaries, islands, etc). In the early stages of the distribution mapping process (1999-early 2000s) distributions were defined by degree blocks, 100K or 250K map sheets to rapidly create distribution maps. More reliable distribution mapping methods are used to update these distributions as time permits.

Only selected species covered by the following provisions of the EPBC Act have been mapped:

- migratory and
- marine

The following species and ecological communities have not been mapped and do not appear in reports produced from this database:

- threatened species listed as extinct or considered as vagrants
- some species and ecological communities that have only recently been listed
- some terrestrial species that overfly the Commonwealth marine area
- migratory species that are very widespread, vagrant, or only occur in small numbers

The following groups have been mapped, but may not cover the complete distribution of the species:

- non-threatened seabirds which have only been mapped for recorded breeding sites
- seals which have only been mapped for breeding sites near the Australian continent

Such breeding sites may be important for the protection of the Commonwealth Marine environment.

Region overview

The resident profiles provide details on a range of topics for people who live in the region. For some topics, more detailed data are available through the [Queensland Regional Database](#) (also known as QRSIS), developed and maintained by the Queensland Government Statistician's Office, Queensland Treasury.

Western Downs (R) Local Government Area (LGA) has a total land area of 38,004.7 km², with an average daily temperature range of 12.6°C to 26.8°C and an average annual rainfall of 633 mm.

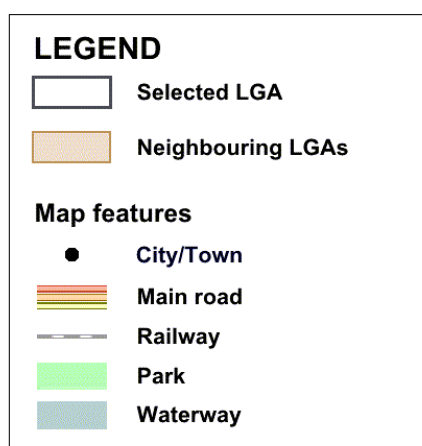

Data for Western Downs (R) LGA are based on Australian Bureau of Statistics (ABS), Australian Statistical Geography Standard (ASGS), July 2016. In some cases these data have been concorded from other geographical boundaries.

Queensland has a total land area of 1,734,238.8 km², with an average daily temperature range of 16.4°C to 30.0°C and an average annual rainfall of 637 mm.

Data for Queensland are based on Australian Bureau of Statistics (ABS), Australian Statistical Geography Standard (ASGS), July 2016.

This profile should be read in conjunction with the abbreviations and explanatory notes provided at the rear of the profile.

Figure 1 Map of Western Downs (R) Local Government Area (LGA)

Demography

Estimated resident population

The estimated resident population (ERP) figure is the official population estimate. For sub-state geographies, ERP figures are updated annually using a model which includes administrative data that indicate population change, such as registered births and deaths, dwelling approvals, Medicare enrolments and electoral enrolments. Data in this profile topic are updated annually with an approximate delay of 9 months after the reporting period. The next planned update is in April 2018 and will incorporate preliminary rebased estimated resident population consistent with the Queensland level.

As at 30 June 2016, the estimated resident population for Western Downs (R) LGA was

34,197 persons

Western Downs (R) LGA

- ERP of 34,197 persons as at 30 June 2016
- Average annual growth rate of 1.1% over five years
- Average annual growth rate of 1.6% over ten years

Queensland

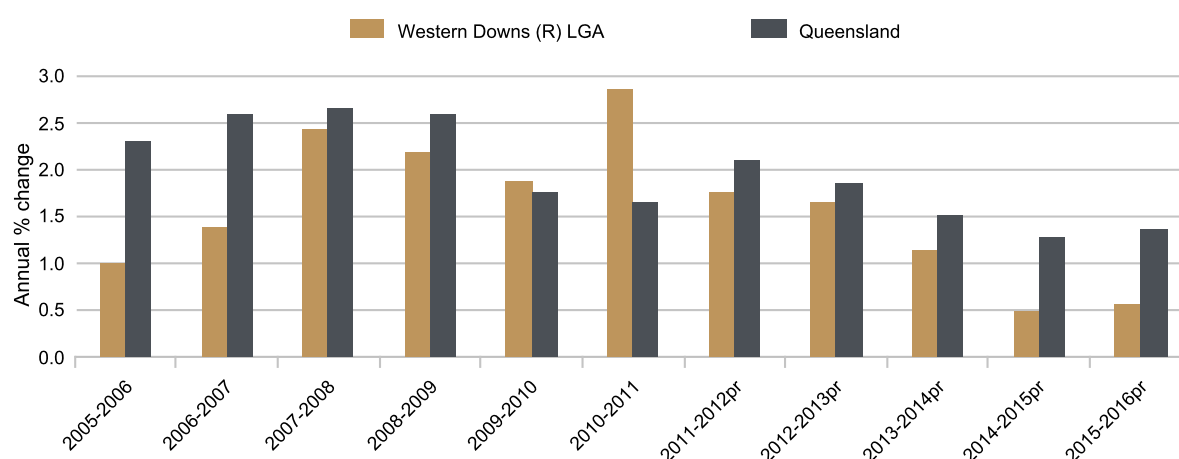

- ERP of 4,848,877 persons as at 30 June 2016
- Average annual growth rate of 1.6% over five years
- Average annual growth rate of 1.9% over ten years

Table 1 Estimated resident population, Western Downs (R) LGA and Queensland

LGA / State	As at 30 June			Average annual growth rate	
	2006	2011	2016pr	2006–2016pr	2011–2016pr
	— number —			— % —	
Western Downs (R)	29,122	32,365	34,197	1.6	1.1
Queensland	4,007,992	4,476,778	4,848,877	1.9	1.6

Figure 2 Estimated resident population growth, Western Downs (R) LGA and Queensland

Source: ABS 3218.0, *Regional Population Growth, Australia*, various editions

Population by age and sex

The estimated resident population (ERP) figure is the official population estimate. For sub-state geographies, ERP figures are updated annually using a model which includes administrative data that indicate population change, such as registered births and deaths, dwelling approvals, Medicare enrolments and electoral enrolments. Data in this profile topic are updated annually with an approximate delay of 12 months after the reporting period. The next planned update is in September 2018.

Western Downs (R) LGA

- 22.5% aged 0–14 years as at 30 June 2016
- 62.4% aged 15–64 years
- 15.0% aged 65+ years

Queensland

- 19.7% aged 0–14 years as at 30 June 2016
- 65.6% aged 15–64 years
- 14.7% aged 65+ years

As at 30 June 2016, the proportion of the estimated resident population aged 65 years and over for Western Downs (R) LGA was

15.0%

Table 2 Estimated resident population by age, Western Downs (R) LGA and Queensland, 30 June 2016pr

Median age

The median age is the age at which half the population is older and half is younger. These median age estimates have been calculated by the ABS and Queensland Treasury using single year of age estimated resident population data. Data in this profile topic are updated annually with an approximate delay of 12 months after the reporting period. The next planned update is in September 2018.

As at 30 June 2016, the median age for Western Downs (R) LGA was

37.0 years

Western Downs (R) LGA

- Median age of 37.0 years as at 30 June 2016
- Decrease of 0.3 years from median age of 37.2 years as at 30 June 2006

Queensland

- Median age of 37.0 years as at 30 June 2016
- Increase of 1.0 years from median age of 36.1 years as at 30 June 2006

Table 3 Median age, Western Downs (R) LGA and Queensland

LGA / State	As at 30 June			Change
	2006	2011	2016pr	2006–2016pr
	— years —			years
Western Downs (R)	37.2	37.0	37.0	-0.3
Queensland	36.1	36.6	37.0	1.0

Population projections

The 2015 edition of the Queensland Government population projections are generated by applying assumptions regarding future trends in the components of population change (fertility, mortality and migration) and the latest planning and development intelligence available. Data presented in this profile topic are based on the medium series and are updated twice every five years. The next planned update is in July 2018.

From 2011 to 2036, the population for Western Downs (R) LGA is projected to increase from

**32,365 persons to
40,349 persons**

Western Downs (R) LGA

- Population projected to be 40,349 persons as at 30 June 2036
- Increase of 0.9% per year over 25 years

Queensland

- Population projected to be 6,763,153 persons as at 30 June 2036
- Increase of 1.7% per year over 25 years

Table 4 Projected population, Western Downs (R) LGA and Queensland

LGA / State	As at 30 June						Average annual growth rate
	2011 ^(a)	2016	2021	2026	2031	2036	2011–2036

Median age projections

The median age is the age at which half the population is older and half is younger. These median age projections have been calculated by Queensland Treasury using the Queensland Government population projections, 2015 edition. Data presented in this topic are based on the medium series. Data in this profile topic are updated twice every five years. The next planned update is in July 2018.

As at 30 June 2036, the median age projection for Western Downs (R) LGA is

41.2 years

Western Downs (R) LGA

- Median age projection of 41.2 years as at 30 June 2036
- Increase of 3.6 years from a median age projection of 37.5 years as at 30 June 2016

Queensland

- Median age projection of 39.9 years as at 30 June 2036
- Increase of 2.6 years from a median age projection of 37.3 years as at 30 June 2016

Table 5 Median age projections, Western Downs (R) LGA and Queensland

Aboriginal and/or Torres Strait Islander peoples

This topic is based on the 2016 Census of Population and Housing question about Indigenous status where each person is asked to identify whether they are of Aboriginal and/or Torres Strait Islander origin. This is based on persons by place of usual residence.

The percentage of Aboriginal and/or Torres Strait Islander peoples in Western Downs (R) LGA was

5.6%

Western Downs (R) LGA

- 1,884 persons (or 5.6%) were Aboriginal and/or Torres Strait Islander peoples

Queensland

- 186,482 persons (or 4.0%) were Aboriginal and/or Torres Strait Islander peoples

Table 6 Indigenous status, Western Downs (R) LGA and Queensland, 2016

Births and deaths

Birth and death statistics are an estimate of the number of births and deaths that have been registered in Australia's state and territory Registries of Births, Deaths and Marriages over a calendar year. These estimates are useful for two distinct purposes – use as a component of population growth and for analysis of fertility and mortality. Data in this profile topic are updated annually with an approximate delay of 12 months after the reporting period. The next planned update is in November 2017.

Western Downs (R) LGA

- 462 registered births in 2015
- 259 registered deaths

Queensland

- 61,745 registered births in 2015
- 29,782 registered deaths

The number of registered births in 2015 to mothers with a usual residence in Western Downs (R) LGA was

462 births

Table 7 Registered births and deaths, Western Downs (R) LGA and Queensland, 2015

Migration 1 year ago

Migration one year ago compares the usual address of household members on Census Night 2016 (9 August 2016) with their usual address one year earlier (i.e. 9 August 2015). This is based on persons aged one year and over by place of usual residence.

The percentage of persons in Western Downs (R) LGA with a different address one year ago was

16.2%

Western Downs (R) LGA

- 23,737 persons usually resided in the same address as one year ago
- 5,351 persons (or 16.2%) usually resided in a different address one year ago

Queensland

- 3,423,989 persons usually resided in the same address as one year ago
- 813,045 persons (or 17.5%) usually resided in a different address one year ago

Table 8 Place of usual residence one year ago^(a), Western Downs (R) LGA and Queensland, 2016

LGA / State	Same address	Different address				Proportion with different address	Total persons ^(c)

Country of birth

Country of birth has been derived from the 2016 Census of Population and Housing question '*In which country was the person born?*'. This is based on persons by place of usual residence.

The top five English speaking backgrounds and non-English speaking backgrounds for Western Downs (R) LGA were:

English Speaking	Non-English Speaking
1. New Zealand (1.4%)	1. Philippines (1.3%)
2. England (1.1%)	2. India (0.4%)
3. South Africa (0.5%)	3. Germany (0.2%)
4. Ireland (0.2%)	4. Netherlands (0.2%)
5. Scotland (0.1%)	5. Papua New Guinea (0.1%)

Western Downs (R) LGA

- 2,388 persons (or 7.1%) were born overseas

Queensland

- 1,015,875 persons (or 21.6%) were born overseas

Table 10 Country of birth, Western Downs (R) LGA and Queensland, 2016

LGA / State	Born in Australia ^(a)		Born overseas						Total persons ^(d)

Proficiency in spoken English

Proficiency in spoken English has been derived from the 2016 Census of Population and Housing question '*How well does the person speak English?*', if the person speaks a language other than English at home. This is based on persons by place of usual residence.

The top five non-English languages spoken at home for the total population of Western Downs (R) LGA were:

Language spoken

1. Southeast Asian Austronesian Languages (1.1%)
2. Indo Aryan Languages (0.5%)
3. Afrikaans (0.3%)
4. Chinese Languages (0.1%)
5. Spanish (0.1%)

Western Downs (R) LGA

- 1,240 persons (or 3.7%) stated they spoke a language other than English at home

Queensland

- 564,196 persons (or 12.0%) stated they spoke a language other than English at home

Table 11 Proficiency in spoken English of persons, Western Downs (R) LGA and Queensland, 2016

LGA / State	Speaks English only		Speaks other language at home and speaks English						Persons ^(a)
			Very well or well		Not well or not at all		Total

Religious affiliation

Religious affiliation has been derived from the 2016 Census of Population and Housing question asking 'What is the person's religion?' This is based on persons by place of usual residence.

The top five religious affiliations for Western Downs (R) LGA were:

Religious affiliation

1. Catholic (22.5%)
2. Anglican (20.8%)
3. No Religion (17.1%)
4. Presbyterian and Reformed (6.9%)
5. Uniting Church (5.8%)

Western Downs (R) LGA

- 22,935 persons (or 68.6%) stated they were affiliated with a Christian religion

Queensland

- 2,635,342 persons (or 56.0%) stated they were affiliated with a Christian religion

Table 12 Religious affiliation, Western Downs (R) LGA and Queensland, 2016

LGA / State	Religious affiliation						Total ^(c)
	Christianity		Other ^(a)		No religion ^(b)		
	number	%	number	%	number	%	
Western Downs (R)	22,935	68.6	465	1.4	5,733	17.1	33,444
Queensland	2,635,342	56.0	201,514	4.3	1,374,427	29.2	4,703,193

Refer to explanatory notes for additional information.

(a) Includes 'Buddhism', 'Hinduism', 'Islam', 'Judaism' and 'Other Religions'.

(b) In 2016 the order of the response categories changed on the Census form, 'No religion' moved to the first response. This may result in higher responses reported for the 'No religion' category.

(c) Comprises 'Not stated' and 'Inadequately described'.

Family composition

In the context of the 2016 Census of Population and Housing, families are classified in terms of the relationships that exist between a single family reference person and each other member of that family. The family composition variable distinguishes between different types of families based on the presence or absence of couple relationships, parent-child relationships, child dependency relationships or other familial relationships, in that order of preference. This is based on families by place of usual residence.

The percentage of total families in Western Downs (R) LGA which were couple families with children was

41.9%

Western Downs (R) LGA

- 8,188 families
- 41.9% of total families were couple families with children

Queensland

- 1,221,148 families
- 42.5% of total families were couple families with children

Table 13 Family composition^(a), Western Downs (R) LGA and Queensland, 2016

LGA / State	Couple family with no children		Couple family with children		One-parent family		Total ^(b)
	number	%	number	%	number	%	number
Western Downs (R)	3,420	41.8	3,429	41.9	1,243	15.2	8,188
Queensland	481,451	39.4	518,494	42.5	201,308	16.5	1,221,148

(a) Includes same-sex couple families.

(b) Includes other families.

Source: ABS, *Census of Population and Housing, 2016, General Community Profile - G25*

Household composition

In the context of the 2016 Census of Population and Housing, a household is defined as one or more persons, at least one of whom is at least 15 years of age, usually resident in the same private dwelling. Household composition describes the type of household within a dwelling, whether a family is present or not and whether or not other unrelated household members are present. This is based on occupied private dwellings.

Western Downs (R) LGA

- 11,349 households
- 70.2% of total households were one family households

Queensland

- 1,656,831 households
- 70.0% of total households were one family households

The percentage of one family households in Western Downs (R) LGA was

70.2%

Table 14 Household composition, Western Downs (R) LGA and Queensland, 2016

LGA / State	One family households		Multiple family households		Group households		Lone person households		Total households ^(a)

Dwellings by dwelling structure

In general terms, a dwelling is a structure which is intended to have people live in it, and which is habitable on Census Night. The dwelling structure variable classifies the structure of private dwellings enumerated in the 2016 Census of Population and Housing. This information is determined by the Census collector and is based on occupied private dwellings.

The percentage of total occupied private dwellings in Western Downs (R) LGA which were separate houses was

91.0%

Western Downs (R) LGA

- 10,334 occupied private dwellings (or 91.0%) were separate houses

Queensland

- 1,269,653 occupied private dwellings (or 76.6%) were separate houses

Table 15 Occupied private dwellings^(a) by dwelling structure, Western Downs (R) LGA and Queensland, 2016

Dwellings by tenure type

In general terms, a dwelling is a structure which is intended to have people live in it, and which is habitable on Census Night. The tenure type variable describes whether a household rents or owns the dwelling in which they were enumerated on Census Night 2016, or whether the household occupies it under another arrangement. This is based on occupied private dwellings.

The percentage of total occupied private dwellings in Western Downs (R) LGA which were fully owned was

32.8%

Western Downs (R) LGA

- 3,718 occupied private dwellings (or 32.8%) were fully owned

Queensland

- 471,407 occupied private dwellings (or 28.5%) were fully owned

Table 16 Occupied private dwellings^(a) by tenure type, Western Downs (R) LGA and Queensland, 2016

LGA / State	Fully owned		Being purchased ^(b)		Rented ^(c)		Other ^(d)		Total ^(e)

Number of motor vehicles per dwelling

The number of motor vehicles variable records the number of registered motor vehicles, which are owned or used by members of a household, and which are garaged or parked near the occupied private dwelling on Census Night 2016. This is based on occupied private dwellings by place of enumeration.

The percentage of dwellings in Western Downs (R) LGA with 3 or more motor vehicles was

25.1%

Western Downs (R) LGA

- 4.9% of dwellings had no motor vehicles
- 25.1% of dwellings had 3 or more motor vehicles

Queensland

- 6.0% of dwellings had no motor vehicles
- 19.0% of dwellings had 3 or more motor vehicles

Internet access

Internet access has been derived from the 2016 Census of Population and Housing question '*Does any member of this household access the internet from this dwelling?*'. This is based on occupied private dwellings by place of enumeration.

The percentage of total occupied private dwellings in Western Downs (R) LGA with a member of the household accessing the internet was

74.9%

Western Downs (R) LGA

- 8,497 occupied private dwellings (or 74.9%) had Internet access

Queensland

- 1,387,499 occupied private dwellings (or 83.7%) had Internet access

Table 18 Internet access^(a) in occupied private dwellings^(b), Western Downs (R) LGA and Queensland, 2016

LGA / State	Internet accessed from dwelling		Internet not accessed from dwelling		Total dwellings ^(c)
	number	%	number	%	number
Western Downs (R)	8,497	74.9	2,528	22.3	11,350
Queensland	1,387,499	83.7	224,855	13.6	1,656,831

(a) Records whether any member of the household accesses the internet from the dwelling. This includes accessing the internet through a desktop/laptop computer, mobile or smart phone, tablet, music or video player, gaming console, smart TV or any other devices. It also includes accessing through any type of connection for example ADSL, fibre, cable, wireless, satellite and mobile broadband (3G/4G).

(b) Excludes 'Visitors only' and 'Other non-classifiable' households.

(c) Includes internet access not stated.

Society

Department of Social Services payments

The Department of Social Services (DSS) is the Australian Government's lead agency in the development and delivery of social policy, and is working to improve the lifetime wellbeing of people and families in Australia. The data in this profile topic are sourced from the DSS Payment Demographic dataset and are updated quarterly. The next planned update is in February 2018.

The number of recipients of the Age pension in Western Downs (R) LGA as at June quarter 2017 was

3,273 recipients

Western Downs (R) LGA

- 3,273 recipients of the Age pension as at June quarter 2017
- 1,477 recipients of the Disability support pension
- 1,213 recipients of Newstart allowance

Queensland

- 476,622 recipients of the Age pension as at June quarter 2017
- 154,752 recipients of the Disability support pension
- 166,714 recipients of Newstart allowance

Table 19 Department of Social Services payments^(a), Western Downs (R) LGA and Queensland, June quarter 2017

LGA / State	Payment type									
	Age pension		Carer allowance		Disability support pension		Family tax benefit A		Newstart allowance	
	recipients	rate ^(b)	recipients	rate ^(c)	recipients	rate ^(c)	recipients	rate ^(d)	recipients	rate ^(e)

Early childhood education and care services

The early childhood education and care services data are based on administrative data supplied by the Department of Education and Training. Data in this profile topic are updated twice yearly with an approximate delay of 1 month after the reporting period. The next planned update is in March 2018.

The number of early childhood education and care services in Western Downs (R) LGA as at 31 August 2017 was

26 services

Western Downs (R) LGA

- 26 early childhood education and care services as at 31 August 2017
- 8 long day care services

Queensland

- 3,036 early childhood education and care services as at 31 August 2017
- 1,522 long day care services

Table 20 Early childhood education and care services, Western Downs (R) LGA and Queensland, 31 August 2017

LGA / State	Family day care	Kindergartens	Long day care	School aged care	Limited hours care	Total ^(a)

Australian Early Development Census (AEDC)

The AEDC is a national collection of information about how children are developing prior to school. Every three years, teachers complete an instrument for each child in Prep. The AEDC instrument encompasses five domains of early childhood development which are predictors of a child's health, education and social outcomes. The five domains are:

- physical health and wellbeing
- social competence
- emotional maturity
- language and cognitive skills
- communication skills and general knowledge.

The AEDC reports whether children are on track, at risk or developmentally vulnerable across each of the five domains. Children that are developmentally vulnerable demonstrate much lower than average competencies in that domain.

The percentage of developmentally vulnerable children in two or more domains in Western Downs (R) LGA in 2015 was

18.5%

Western Downs (R) LGA

- 31.3% developmentally vulnerable children in one or more domains in 2015
- 18.5% developmentally vulnerable children in two or more domains in 2015
- The social competence domain had the largest percentage of developmentally vulnerable children (14.5%)

Queensland

- 26.1% developmentally vulnerable children in one or more domains in 2015
- 14.0% developmentally vulnerable children in two or more domains in 2015
- The physical health and wellbeing and social competence domain had the largest percentage of developmentally vulnerable children (12.4%)

Table 21 Developmentally vulnerable children by domain, Western Downs (R) LGA and Queensland, 2015

Highest level of schooling

Highest year of school completed has been derived from the 2016 Census of Population and Housing question '*What is the highest year of primary or secondary school the person has completed?*'. This information is based on persons aged 15 years and over who are no longer attending primary or secondary school, by place of usual residence.

The percentage of total persons in Western Downs (R) LGA with highest level of schooling as year 11 or 12 was

43.7%

Western Downs (R) LGA

- 10,908 persons (or 43.7%) with highest level of schooling of year 11 or 12 (or equivalent)

Queensland

- 2,146,809 persons (or 58.9%) with highest level of schooling of year 11 or 12 (or equivalent)

Table 22 Highest level of schooling completed, Western Downs (R) LGA and Queensland, 2016

Non-school qualification

Non-school qualification information describes the highest non-school qualification (e.g. bachelor degree, diploma) completed as stated in the 2016 Census of Population and Housing. This information is based on persons aged 15 years and over by place of usual residence.

The percentage of persons in Western Downs (R) LGA with a non-school qualification was

53.2%

Western Downs (R) LGA

- 13,872 persons (or 53.2%) with a non-school qualification

Queensland

- 2,241,124 persons (or 59.1%) with a non-school qualification

Table 23 Non-school qualifications^(a) by level of education, Western Downs (R) LGA and Queensland, 2016

Non-school qualification by field of study

Non-school qualification information describes the highest non-school qualification (e.g. bachelor degree, diploma) completed as stated in the 2016 Census of Population and Housing. This information is based on persons aged 15 years and over with a non-school qualification by place of usual residence.

The largest non-school qualification field of study in Western Downs (R) LGA was

**Engineering and
Related
Technologies (18.1%)**

Western Downs (R) LGA

- 2,509 persons (or 18.1%) with a non-school qualification studied in the field of Engineering and Related Technologies
- 1,672 persons (or 12.1%) with a non-school qualification studied in the field of Management and Commerce

Queensland

- 392,830 persons (or 17.5%) with a non-school qualification studied in the field of Management and Commerce
- 352,200 persons (or 15.7%) with a non-school qualification studied in the field of Engineering and Related Technologies

Persons with a profound or severe disability

Persons with a profound or severe disability has been derived from the 2016 Census of Population and Housing variable 'Core activity need for assistance'. Persons with a profound or severe disability are defined as needing help or assistance in one or more of the three core activity areas of self-care, mobility and communication because of a long term health condition (six months or more), a disability (lasting six months or more), or old age. This is based on persons by place of usual residence.

Western Downs (R) LGA

- 1,723 persons (or 5.2%) in need of assistance with a profound or severe disability

Queensland

- 243,267 persons (or 5.2%) in need of assistance with a profound or severe disability

The percentage of persons in Western Downs (R) LGA in need of assistance with a profound or severe disability was

5.2%

Table 26 Need for assistance with a profound or severe disability, Western Downs (R) LGA and Queensland, 2016

LGA / State	Need for assistance		No need for assistance		Total ^(a)

Voluntary work

Voluntary work undertaken for an organisation or group has been derived from the 2016 Census of Population and Housing question 'In the last twelve months did the person spend any time doing voluntary work through an organisation or group?' The variable is based on persons aged 15 years and over by place of usual residence.

Western Downs (R) LGA

- 6,436 persons (or 24.7%) undertook voluntary work

Queensland

- 714,138 persons (or 18.8%) undertook voluntary work

The percentage of persons in Western Downs (R) LGA who undertook voluntary work was

24.7%

Aged care services

Information on aged care services are provided by the Commonwealth Department of Health and Ageing. Information are based on the location of the service, rather than the region in which the service is delivered. In some instances, aged care services may have provided the address information of their approved provider in place of the address information of the individual aged care service. Users should be aware of this limitation when using these data. Aged care services are subsidised by the Australian Government under the Aged Care Act 1997. Data in this profile topic are updated annually with an approximate delay of 12 months after the reporting period. The next planned update is in November 2017.

The number of aged care service operational places in Western Downs (R) LGA as at 30 June 2016 was

345 places

Western Downs (R) LGA

- 12 aged care services as at 30 June 2016
- 345 aged care service operational places

Queensland

- 954 aged care services as at 30 June 2016
- 51,145 aged care service operational places

Emergency services, schools and hospitals

Information on emergency services, schools and hospitals are provided by administrative custodian agencies. Data in this profile topic are updated every two years. The next planned update is in September 2017.

As at 30 June 2015, the number of schools in Western Downs (R) LGA was

34 schools

Western Downs (R) LGA

- 34 schools as at 30 June 2015
- 9 hospitals

Queensland

- 1,796 schools as at 30 June 2015
- 276 hospitals

The Index of Relative Socio-Economic Disadvantage

Socio-Economic Indexes for Areas (SEIFA) is a summary measure of the social and economic conditions of geographic areas across Australia. SEIFA, which comprises a number of indexes, is generated by ABS from the Census of Population and Housing. In 2011 an Index of Relative Socio-Economic Disadvantage was produced, ranking geographical areas in terms of their relative socio-economic disadvantage. The index focuses on low-income earners, relatively lower education attainment, high unemployment and dwellings without motor vehicles. Low index values represent areas of most disadvantage and high values represent areas of least disadvantage. This is based on persons by place of usual residence.

Western Downs (R) LGA

- 4.7% in least disadvantaged quintile
- 23.0% in most disadvantaged quintile

Queensland

- 20.0% in least disadvantaged quintile
- 20.0% in most disadvantaged quintile

The percentage of persons in Western Downs (R) LGA in the least disadvantaged quintile was

4.7%

Table 30 Population by Index of Relative Socio-Economic Disadvantage quintiles^(a), Western Downs (R) LGA and Queensland, 2011

LGA / State	Quintile 1 (most disadvantaged)	Quintile 2	Quintile 3	Quintile 4	Quintile 5 (least disadvantaged)
	— % —				
Western Downs (R)	23.0	26.9	27.7	17.7	4.7
Queensland	20.0	20.0	20.0	20.0	20.0

(a) The quintiles are population based and derived at the Queensland level (state based quintiles and not national based quintiles).

Remoteness

The Australian Bureau of Statistics develops the Remoteness Area (RA) classification each Census period using the University of Adelaide's Accessibility/Remoteness Index of Australia classification (ARIA+) mean scores. Data in this profile topic are updated every five years with an approximate delay of 18 months after the reporting period.

The most populated remoteness area in Western Downs (R) LGA in 2011 was

Outer Regional Australia

Western Downs (R) LGA

- 0.0% of the population were in major cities
- 0.0% of the population were in very remote Australia
- Outer Regional Australia had the largest percentage of population with 49.0%

Queensland

- 61.6% of the population were in major cities
- 1.3% of the population were in very remote Australia

Table 31 Population^(a) in remoteness areas^(b), Western Downs (R) LGA and Queensland, 2011

LGA / State	Remoteness Area

Crime and Justice

Reported offences

The number and rates of reported offences are collected by the Queensland Police Service. Data in this profile topic are updated annually. The next planned update is in December 2017.

The rate of total reported offences for Western Downs (R) LGA in 2015–16 was

13,643 per 100,000 persons

Western Downs (R) LGA

- 4,633 reported offences in 2015–16, or 13,643 per 100,000 persons
- 268 offences against the person, or 789 per 100,000 persons
- 1,527 offences against property, or 4,497 per 100,000 persons

Queensland

- 476,813 reported offences in 2015–16, or 9,856 per 100,000 persons
- 30,690 offences against the person, or 634 per 100,000 persons
- 205,583 offences against property, or 4,250 per 100,000 persons

Table 32 Reported offences, Western Downs (R) LGA and Queensland, 2015–16

Selected medians and averages

These selected medians and averages have been derived by using data based on the 2016 Census of Population and Housing and may not reflect medians that have been derived by administrative data and published in other profile topics. Where applicable, these estimates are based on place of usual residence.

The median total personal income for Western Downs (R) LGA was

\$621 per week

Western Downs (R) LGA

- Median mortgage repayment of \$1,400 per month
- Average household size of 2.5 persons per dwelling

Queensland

- Median mortgage repayment of \$1,733 per month
- Average household size of 2.6 persons per dwelling

Table 33 Selected medians and averages, Western Downs (R) LGA and Queensland, 2016

LGA / State	Median / Average					
	Median mortgage repayment	Median total family income	Median total household income	Median total personal income	Average household size	Average number of persons per bedroom
	\$/month	\$/week	\$/week	\$/week	persons	number
Western Downs (R)	1,400	1,467	1,209	621	2.5	0.8
Queensland	1,733	1,661	1,402	660	2.6	0.8

Total personal income

Total personal income has been derived from the 2016 Census of Population and Housing question '*What is the total of all wages/salaries, government benefits, pensions, allowances and other income a person usually receives?*'. Median total personal income estimates have been calculated by the ABS. The variable is based on persons aged 15 years and over by place of usual residence.

The median total personal income in Western Downs (R) LGA was

\$32,292 per year

Western Downs (R) LGA

- Median total personal income of \$32,292 per year

Queensland

- Median total personal income of \$34,320 per year

Table 35 Total personal income, Western Downs (R) LGA and Queensland, 2016

LGA / State	Less than \$20,800 per year		\$20,800 to \$51,999 per year		\$52,000 to \$103,999 per year		\$104,000 or more per year		Total ^(a)	Median (\$/year)

Total family income

Total family income is the sum of the total personal incomes of each family member present in the household on 2016 Census Night. Family income only applies to classifiable families in occupied private dwellings. Low-income families have been defined as families in occupied private dwellings whose family income was less than \$650 per week or less than \$33,800 per year. Median total family income estimates have been calculated by the ABS.

Western Downs (R) LGA

- 945 low-income families (11.5%)
- Median total family income of \$76,284 per year

Queensland

- 115,233 low-income families (9.4%)
- Median total family income of \$86,372 per year

The median total family income in Western Downs (R) LGA was

\$76,284 per year

Table 36 Total family income^(a), Western Downs (R) LGA and Queensland, 2016

Unemployment and labour force

Estimates of unemployment and labour force are produced by the Australian Government Department of Employment. The estimates are calculated by utilising administrative data such as Centrelink Newstart and Youth Allowance (Other) recipients as well as ABS labour force estimates. Data in this profile topic are updated quarterly with an approximate delay of 3 months after the reporting period. The next planned update is in December 2017.

Western Downs (R) LGA

- 754 unemployed persons in June quarter 2017
- Unemployment rate of 4.3%

Queensland

- 156,926 unemployed persons in June quarter 2017
- Unemployment rate of 6.2%

The unemployment rate in Western Downs (R) LGA at June quarter 2017 was

4.3%

Table 37 Unemployment and labour force^(a), Western Downs (R) LGA and Queensland, June quarter 2017

Employment by industry

Employment by industry has been derived from the 2016 Census of Population and Housing data. A person's industry of employment was classified based on responses to a range of questions from the Census and is applicable to persons aged 15 years and over who work. This is based on place of usual residence.

The top five industry subdivisions of employment for Western Downs (R) LGA were:

1. Agriculture (18.2%)
2. Preschool and School Education (7.2%)
3. Construction Services (5.2%)
4. Public Administration (4.3%)
5. Food and Beverage Services (4.2%)

Western Downs (R) LGA

- 19.3% of employed persons worked in Agriculture, forestry and fishing industry
- 9.2% of employed persons worked in Retail trade industry
- Highest specialisation ratio of 6.82 in Agriculture, forestry and fishing industry

Queensland

- 13.0% of employed persons worked in Health care and social assistance industry
- 9.9% of employed persons worked in Retail trade industry

Table 38 Employment by industry, Western Downs (R) LGA and Queensland, 2016

Industry	Western Downs (R) LGA		Queensland		Specialisation ratio

Employment by occupation

Employment by occupation has been derived from the 2016 Census of Population and Housing data. A person's occupation of employment was classified based on responses to a range of questions from the Census and is applicable to persons aged 15 years and over who work. This is based on place of usual residence.

The top five occupation sub-major groups of employment for Western Downs (R) LGA were:

1. Farmers and Farm Managers (12.3%)
2. Sales Assistants and Salespersons (6.2%)
3. Automotive and Engineering Trades Workers (5.9%)
4. Carers and Aides (4.4%)
5. Farm, Forestry and Garden Workers (4.4%)

Western Downs (R) LGA

- 19.5% of employed persons worked in Managers occupation
- 16.1% of employed persons worked in Technicians and trades workers occupation
- Highest specialisation ratio of 1.61 in Managers occupation

Queensland

- 19.8% of employed persons worked in Professionals occupation
- 14.3% of employed persons worked in Technicians and trades workers occupation

Table 39 Employment by occupation, Western Downs (R) LGA and Queensland, 2016

Occupation	Western Downs (R) LGA		Queensland		Specialisation ratio

Families with children with no parent employed

Families with children with no parent employed have been derived from the 2016 Census of Population and Housing data and defined as either one parent families where the parent was either unemployed or not in the labour force or couple families where both parents were either unemployed or not in the labour force. This is based on families with children under 15 years of age.

Western Downs (R) LGA

- 567 families with children under 15 years of age and no parent employed (16.8%)

Queensland

- 66,139 families with children under 15 years of age and no parent employed (13.8%)

The percentage of families with children under 15 years of age and no parent employed in Western Downs (R) LGA was

16.8%

Industry and development

Building approvals

Information on building approvals are compiled by the ABS, and are collected from sources such as local government authorities and other principal certifying authorities. The estimates for any month may be revised or corrected in later months. This can occur as a result of corrections made by a provider of data, the late provision of approval records and, occasionally, by approvals being identified after construction work has commenced. Data in this profile topic are updated monthly with an approximate delay of 2 months after the reporting period. The next planned update is in December 2017.

The number of new houses approved in Western Downs (R) LGA in the 12 months ending 30 September 2017 was

33 approvals

Western Downs (R) LGA

- 33 approved new houses in the 12 months ending 30 September 2017
- \$13.5 million of building value in residential building approvals

Queensland

- 24,920 approved new houses in the 12 months ending 30 September 2017
- \$13,497.9 million of building value in residential building approvals

Table 41 Residential and non-residential building approvals, Western Downs (R) LGA and Queensland, 12 months ending 30 September 2017

Residential dwelling sales

Residential dwelling sales data are sourced from the Queensland Valuation and Sales (QVAS) database as collected and maintained by the Queensland Department of Natural Resources and Mines. Medians are only calculated where there are ten or more sales over the time period. All figures are preliminary and are subject to further revision. Data in this profile topic are updated quarterly with an approximate delay of 6 months after the reporting period. The next planned update is in December 2017.

The median sale price in Western Downs (R) LGA in the 12 months ending 30 June 2017 was

\$190,000

Western Downs (R) LGA

- 383 residential dwelling sales in the 12 months ending 30 June 2017
- Median sale price of \$190,000

Queensland

- 108,396 residential dwelling sales in the 12 months ending 30 June 2017
- Median sale price of \$445,000

Table 42 Residential dwelling sales, Western Downs (R) LGA and Queensland, 12 months ending 30 June 2017

LGA / State	Number of sales			Median sale price		
	Detached dwellings	Attached dwellings	Total dwellings	Detached dwellings	Attached dwellings	Total dwellings

Residential lot registrations

Lot registrations data provide an indication of the volume of new lots developed and intended for residential purposes. Once a subdivisional plan has been certified by local government, it is lodged with the Department of Natural Resources and Mines (DNRM) for registration of title. For more information refer to the [Residential land development activity profiles](#).

Data in this profile topic are updated quarterly with an approximate delay of 2 months after the reporting period. The next planned update is in February 2018.

Western Downs (R) LGA

- 17 residential lot registrations in the 12 months ending 30 September 2017
- 9 urban residential lot registrations

Queensland

- 38,533 residential lot registrations in the 12 months ending 30 September 2017
- 36,470 urban residential lot registrations

The number of residential lot registrations in Western Downs (R) LGA in the 12 months ending 30 September 2017 was

17 registrations

Table 44 Residential lot registrations, Western Downs (R) LGA and Queensland, 12 months ending 30 September 2017

Environment

Protected areas – parks, forests and reserves

Protected areas are derived from a spatial dataset sourced from the Queensland Department of National Parks, Sport and Racing. While a relatively small area of national park is below mean sea level, data presented in this table are based on areas located above mean sea level. Areas are based on a GIS calculated spherical area and not the official gazetted area. GIS calculations reference the latitude/longitude projection and are based on the Geocentric Datum of Australia 1994 (GDA 94). Data in this profile topic are updated every two years. The next planned update is in June 2019.

Western Downs (R) LGA

- Protected area of 5,572.1 km² as at 2017
- Largest protected area type was State Forests with 5,410.0 km²

Queensland

- Protected area of 130,526.2 km² as at 2017
- Largest protected area type was National Parks with 98,222.4 km²

The total protected area within Western Downs (R) LGA as at 2017 was

5,572.1 km²

Table 45 Protected areas - parks, forests and reserves, Western Downs (R) LGA and Queensland, 2017

LGA / State	National Park ^(a)	State Forest	Timber Reserve	Forest Reserve	Total

Explanatory notes

Profile explanatory notes

Australian Statistical Geography Standard (ASGS)

A geographical framework covering all spatial areas of Australia and its external territories. The ASGS was developed by the ABS to allow statistics from different collections to be spatially comparable. The ASGS replaced the Australian Standard Geographical Classification (ASGC).

Average annual growth rate

It is calculated as a percentage using the formula below, where P_0 is the population at the start of the period, P_n is the population at the end of the period and n is the length of the period between P_n and P_0 in years.

$$\left[\left(\frac{P_n}{P_0} \right)^{\frac{1}{n}} - 1 \right] \times 100$$

For example, to calculate the average annual rate of population change from 2006 to 2016, n is ten, P_0 is the population in 2006 and P_n is the population in 2016.

Cell confidentialisation

This profile utilises two types of data confidentialisation.

1. Source data confidentialisation - This refers to datasets that have been confidentialised by the data custodians. For example census data supplied by the ABS have small cell counts of 1 or 2 confidentialised to 0 or 3 and a small random adjustment made to all data to avoid any risk of releasing identifiable information. Caution should therefore be used when interpreting data where the cell count is small.
2. Concordance confidentialisation - This refers to datasets that have been concorded to a new geography and the resulting cell count is small. No reliance should be placed on these cell counts and as such have been confidentialised. Tables utilising this type of confidentialisation will report the cell as less than a specific value (for example <5).

Census 2011 data

Census data have 'small random adjustments' to ensure no data are released which could risk identifying individuals. As such, cells containing very small counts should be treated with extreme caution. Therefore discrepancies may occur between the sums of the component items and total.

Census 2016 data

Census data have 'small random adjustments' to ensure no data are released which could risk identifying individuals. As such, cells containing very small counts should be treated with extreme caution. Therefore discrepancies may occur between the sums of the component items and total.

Census undercount

Due to the size and complexity of the Census of Population and Housing, whenever a Census is conducted it is inevitable that some people will be missed and some will be counted more than once. After each Census, the Australian Bureau of Statistics conduct a Post Enumeration Survey to estimate the number of people who should have been counted in the Census and the actual Census counts. It is important to note, that all Census data reported in this profile do not have any adjustments made for Census undercount and readers should keep this in mind when making inferences from the data.

Local government area (LGA)

A geographical area under the responsibility of a local government council or an Indigenous government council. There are 78 LGAs in Queensland.

Region overview

Statistics in the profile overview have been derived from administrative geographical boundaries and the Bureau of Meteorology.

Rounding

Figures are rounded to nearest whole number. Calculations (such as percentages and rates) are based on pre-rounded figures.

Topic explanatory notes

Aged care services**Community care services**

Community care services provide home-based care for older people wanting to remain living independently in their own home improving their quality of life and helping them to remain active and connected to their own communities. The figures here include Mainstream Packaged Care places provided by Community Aged Care Package (CACP), Extended Aged Care at Home (EACH), and Extended Aged Care at Home Dementia (EACHD) services, and Flexible Care places provided in a community setting by Multi-Purpose Services (MPS), Innovative Care, Consumer Directed Care (CDC), and National Aboriginal and Torres Strait Islander Aged Care (NATSI) Services.

Residential aged care

Residential Aged Care provides a range of supported accommodation services for older people who are unable to continue living independently in their own homes. The figures here include Mainstream Residential Aged Care places provided by Residential Aged Care Services (RACS), and Flexible Care places provided in a Residential setting by Multi-Purpose Services (MPS), and National Aboriginal and Torres Strait Islander Aged Care (NATSI) Services.

Transition care

Transition care program provides a package of services to enable older people after a hospital stay to return home rather than prematurely enter residential care. The program also gives older people and their families and carers time to consider long-term care arrangements.

Australian Early Development Census (AEDC)

Confidentialisation

Suppression of AEDC data also occurs when one or more of the following have not been met:

- Fewer than 15 children had valid AEDC scores
- Less than two teachers had completed AEDC checklists for children in that location
- AEDC checklists were completed for less than 80% of all non special needs children

Additional minor suppressions have occurred where necessary to preserve confidentiality of related suppressed cells. Whilst some regions have had results suppressed, some SA2s have been included in neighbouring regions. This list includes:

- Albion included in Windsor
- Aurukun included in Cape York
- Carole Park included in Camira - Gaiies
- Croydon - Etheridge included in Tablelands
- Fortitude Valley included in New Farm
- Lake Manchester - England Creek included in Lowood
- Lamb Range included in Kanimbla - Mooroolbool
- Mackay Harbour included in Andergrove - Beaconsfield
- Magnetic Island included in Belgian Gardens - Pallarenda
- Main Beach included in Surfers Paradise
- Mount Coot-tha included in The Gap
- New Chum included in Collingwood Park - Redbank
- Palm Island included in Ingham Region
- Wooroonooran included in Babinda

Developmentally 'vulnerable'

The baseline cut-off from the 2009 AEDC data collection to represent 'vulnerable' apply to all future data collections. In 2009 children who scored below the 10th percentile (in the lowest 10 per cent) of the national population were classified as vulnerable. If more children are doing better nationally in 2012 than in 2009, then fewer than 10 per cent of children will be vulnerable in 2012.

Developmentally vulnerable on one or more domain/s

The percentage of children in the community who have at least one AEDC domain score/s below the 10th percentile.

Developmentally vulnerable on two or more domain/s

The percentage of children in the community who have at least two AEDC domain scores below the 10th percentile.

Domain: Communication skills and general knowledge

This domain measures a child's communication skills and general knowledge.

Domain: Emotional maturity domain

This domain measures a child's pro-social and helping behavior, anxious and fearful behavior, aggressive behavior and hyperactivity and inattention.

Domain: Language and cognitive skills domain

This domain measures a child's basic literacy, interest in literacy/numeracy, memory and basic and advanced literacy.

Domain: Physical health and wellbeing domain

This domain measures a child's physical readiness for the school day, physical independence and gross and fine motor skills.

Domain: Social competence domain

This domain measures a child's overall social competence, responsibility and respect, approaches to learning and readiness to explore new things.

Births and deaths

Births

Births data are based on the number of births registered during a calendar year by place of usual residence of the mother. This is different to the number of births which occurred during a calendar year. For further information on the differences between estimates of registered births and births occurring in a time period, refer to ABS website (cat. no. 3301.0).

As a result of changes in the timeliness of registration of births in Queensland, care should be taken when interpreting changes in Queensland births between 2006 and 2010. This lag has reduced in recent years, indicating potential improvements in the timeliness of registration of births in Queensland. The December quarter 2009 also saw the Queensland Registry of Births, Deaths and Marriages devoting significant time and resources to follow-up and finalise birth registrations where there was previously incomplete information. As part of the Retrospective Births Project, 1,780 births were registered, with approximately 40% registered as Aboriginal and Torres Strait Islander births (see paragraph 40 of cat. no. 3301.0 explanatory notes for more information). This project is now complete.

Deaths

Deaths data are based on the number of deaths registered during a calendar year by place of usual residence of the deceased. This is different to the number of deaths which occurred during a calendar year. For further information on the differences between estimates of registered deaths and deaths occurring in a time period, refer to ABS website (cat. no. 3302.0).

Country of birth

The list of countries are based on the most common Country of Birth responses (excluding Australia) reported in the 2011 Census. The categories of persons born in ESB and NESB countries are derived by aggregating countries from Table G09 of the General Community Profile (GCP). Due to the process of confidentialisation applied to the Census data by the ABS, total persons born overseas have been taken directly from Table G01 of the GCP to provide a more accurate count.

Department of Social Services payments

Data are extracted at a point in time, usually towards the end of the quarter.

Confidentialisation

Cell counts under 5 have been suppressed for confidentiality purposes.

Age pension

Age pension is a support payment for people who have reached the qualifying age. From 1 July 2013, the qualifying age for both men and women is 65 years. From 1 July 2017 the age pension qualifying age will progressively increase for non-veterans from 65 years to 67 years, reaching 67 years in 2023.

Age pension recipients have the choice of having their age pension paid by either the Department of Human Services (DHS) or the Department of Veterans' Affairs (DVA). DHS pays the vast majority of age pensions. The data in this report only includes data for the DHS customers.

Carer allowance

A Carer allowance is a supplementary payment for carers who provide daily care and attention at home for a person with a disability, severe medical condition or who is frail and aged.

Disability support pension

A Disability support pension (DSP) is an income support payment for people who are unable to work for 15 hours or more per week at or above the relevant minimum wage, independent of a program of support due to permanent physical, intellectual or psychiatric impairment. A DSP claimant must be aged 16 years or over and under Age pension age at date of claim, however once in receipt of DSP, a person can continue to receive DSP beyond Age pension age.

Family tax benefit part A

Family tax benefit (FTB) was introduced to help with the cost of raising children. FTB part A is the most common payment to help with the cost of raising children and is paid per child. It includes a supplement per child that becomes payable after the end of the financial year. FTB part B gives extra assistance to single-parent families and to couple families where one income is low. It is paid on a per family basis and includes a supplement that becomes payable after the end of the financial year. FTB part A and B are income tested on family income.

Newstart allowance

Newstart allowance is the major payment for unemployed people who are aged 22 years and over, but under the qualifying age for the age pension. Recipients must satisfy the activity test by seeking work or participating in an activity designed to improve their employment prospects. Data include recipients who are determined to be current (i.e. entitled to be paid) on the Centrelink payment system and are not in receipt of CDEP participation supplement or a zero rate of payment.

Emergency services, schools and hospitals

Fire stations

Does not include Rural Fire Brigade.

Hospitals

Includes both private and public hospitals. Excludes public dental and psychiatric facilities.

Police stations

Does not include Police Beats.

Schools

Includes both private and public schools and centre types of associated facility, campus, community school, non-state school, special campus, special school, specific purpose school, state high school and state school.

Employment by industry

Employment by industry

Based on Australian and New Zealand Standard Industrial Classification (ANZSIC), 2006 edition, revision 2 published in 2013.

Industry subdivision

The industry subdivision refers to the 2-digit industry classification from the Australian and New Zealand Standard Industrial Classification (ANZSIC), 2006 edition, revision 2 published in 2013.

Employment by occupation

Employment by occupation

Based on Australian and New Zealand Standard Classification of Occupations (ANZSCO), 2006 edition, version 1.2 released 2013.

Occupation sub-major group

The occupation sub-major group refers to the 2-digit occupation classification from the Australian and New Zealand Standard Classification of Occupations (ANZSCO), 2006 edition, version 1.2 released in 2013.

Indigenous

Refers to people who identify themselves as being of Aboriginal and/or Torres Strait Islander origin.

Median age

Median estimates have been calculated by the ABS and Queensland Treasury.

Median rent

Medians for regions with less than 10 lodgements in the 12 month period have not been reported.

Median rents do not include lodgements listed with \$0 rent.

Rental bonds data published by QGSO may not be directly comparable with data published by the Residential Tenancies Authority (RTA) due to geocoding of Rental Bonds data by QGSO and updates to bond records, including where additional bond forms are processed by RTA after quarterly data are supplied to QGSO.

Medians and averages

Average household size

Applicable to number of persons usually resident in occupied private dwellings. It includes partners, children, and co-tenants (in group households) who were temporarily absent on Census Night. A maximum of three temporary absentees can be counted in each household. It excludes 'Visitors only' and 'Other non-classifiable' households.

Average number of persons per bedroom

Applicable to occupied private dwellings. It excludes 'Visitors only' and 'Other non-classifiable' households.

Median mortgage repayment

Applicable to occupied private dwellings being purchased and includes dwellings being purchased under a rent/buy scheme. It excludes 'Visitors only' and 'Other non-classifiable' households.

Median total family income

Applicable to families in family households. It excludes families where at least one member aged 15 years and over did not state an income and families where at least one member aged 15 years and over was temporarily absent on Census Night.

Median total household income

Applicable to occupied private dwellings. It excludes households where at least one member aged 15 years and over did not state an income and households where at least one member aged 15 years and over was temporarily absent on Census Night. It excludes 'Visitors only' and 'Other non-classifiable' households.

Median total personal income

Applicable to persons aged 15 years and over.

New house and vacant land sales

Vacant residential land have been defined as vacant - large house sites, vacant urban land and vacant rural land between 140m² and 2,500m² within planning zones. New house and land have been defined as a single unit dwelling or dwelling large house site on a newly registered block of land between 140m² and 2,500m². All reporting periods are based on the contract date and not the settlement date.

Non-school qualification by field of study

Excludes persons with a qualification out of the scope of the Australian Standard Classification of Education (ASCED).

Non-school qualification by sex and age

Excludes persons with a qualification out of the scope of the Australian Standard Classification of Education (ASCED).

Population projections

Population projections are based on a medium series.

Proficiency in spoken English

Based on the most common Language Spoken at Home responses reported in the 2011 Census for Australia.

Reported offences

The reference date for reported offences is the date an offence is reported to or detected by police. Data are based on the location in which the offence occurred. Rates are calculated using the Estimated Resident Population (ERP) as at 30 June of the reported financial year. The ERP for the latest year has been linearly extrapolated using the change between the previous two years.

Offences against the person

The offence division of offences against the person includes the following offence sub-divisions: homicide (murder); other homicide; assault; sexual offences; robbery; and other offences against the person.

Offences against property

The offence division of offences against property includes the following offence sub-divisions: unlawful entry with intent; arson; other property damage; unlawful use of motor vehicle; other theft (excluding unlawful entry); fraud; and handling stolen goods.

Other offences

The offence division of other offences includes the following offence sub-divisions: drug offences; prostitution offences; liquor (excluding drunkenness); gaming, racing and betting offences; breach of domestic violence protection orders; trespassing and vagrancy; weapons act offences; good order offences; stock related offences; traffic and related offences; and miscellaneous offences.

Residential dwelling sales

Medians are only calculated where there are ten or more sales over the time period.

Attached dwellings

Attached dwellings include multi-unit dwellings (flats), building units or group titles within planning zones.

Detached dwellings

Detached dwellings include single unit dwellings or large house sites.

Residential dwelling sales

Residential dwelling sales include both new and established dwellings and all reporting periods are based on the contract date and not the settlement date.

Residential lot registrations

Lot registration is the final stage in the development of new residential lots, and it is only after the title is registered that a lot legally exists. Lot registrations data provide an indication of the volume of new lots developed and intended for residential purposes.

The Queensland Government Statistician's Office applies a range of filters to DNRM's computer inventory of survey plans data, such as parcel size and zoning information, to extract the lots registered for residential purposes. 'Urban residential' lots include standard lots typically for detached houses (60m² to <2,500m²) and lots under community titles schemes for units and townhouses. For this monitoring program, 'low density residential' lots are defined as standard lots between 2,500m² and 5 hectares in size.

Total family income

Median total family income estimates have been calculated by the ABS. Medians are only calculated where there were five or more total families. Median calculation excludes families where at least one member aged 15 years and over did not state an income and families where at least one member aged 15 years and over was temporarily absent on Census Night.

Total personal income

Median total personal income estimates have been calculated by the ABS.

Unemployment and labour force

Small Area Labour Force data have been generated from a Structure Preserving Estimation (SPREE) methodology using ABS and Centrelink data. As such these estimates can exhibit considerable variability and care should be taken when interpreting these values. For further information on these data, refer to the Australian Government Department of Employment website.
